

FOR IMMEDIATE RELEASE:

## **Isabel Hundt Releases New Book Encouraging Faith and Success**

Indianapolis, Indiana, November 14, 2015 — Acclaimed author, Isabel Hundt, announces the launch of her book *The Power of Faith-Driven Success*.

In the book, Hundt encourages readers to embark on a journey of awareness and self-reflection. Written from a thoughtful, spiritual perspective of the human mind, the book leads readers through insightful stories and exercises to enlighten readers, with the ultimate goal of helping individuals discover their calling in life.

“We are experiencing a shift from a profit-driven to a purpose-driven society. Young adults today no longer experience life the same way their grandparents or even parents do, which leaves open many questions for them. We see more and more young people suffering from depression, anxiety or even addiction. We are raising generations who experience more anger, worry and hopelessness because of a lack of emotional connections with themselves and those around them. It becomes difficult to understand who we are and what we are called to do in life.”  
— Isabel Hundt

Hundt takes the approach of combining complex physical and psychological functions with her knowledge of Christian-based faith to help young adults live a fulfilling and empowered life. She believes that a fulfilling life can be found by understanding what’s happening within an individual’s heart and head.

“This is a book that you will read, and reread. The profound, solid truths that Isabel presents is something that my generation desperately needs to hear. Regardless of where you are in your journey, the words in this book will awaken you to purpose and deepen your resolve to live a passionate life.” — Heather Parady, Blogger
